**05-1166 and 05-1167**

**LEGAL NOTICE**

**STATE OF LOUISIANA, OFFICE OF CONSERVATION, BATON ROUGE, LOUISIANA.**

In accordance with the laws of the State of Louisiana, and with particular reference to the provisions of Title 30 of Louisiana Revised Statutes of 1950, a public hearing will be held in the Hearing Room, 1<sup>st</sup> Floor, LaSalle Building, 617 North 3<sup>rd</sup> Street, Baton Rouge, Louisiana, at 9:00 a.m. on **TUESDAY, NOVEMBER 1, 2005**, upon the application of **SUNLAND PRODUCTION COMPANY, INC.**

At such hearing the Commissioner of Conservation will consider evidence relative to the issuance of Orders pertaining to the following matters relating to the **Hosston Formation and the Hosston L Sand**, in the Simsboro Field, Lincoln Parish, Louisiana.

1. To redefine the Hosston Formation, INsofar AND ONLY INsofar AS TO HOSS SUB, as being the stratigraphic equivalent of that gas and condensate bearing interval encountered between the depths of 6,480 feet and 9,610 feet (electric log measurements) in the Tensas Delta Expl. Co., LLC - Freudendorf et al No. 2 Well, located in Section 14, Township 17 North, Range 4 West, Lincoln Parish, Louisiana, less and except the Gardner Sand of the Hosston Formation and the Hosston L Sand, as defined in Office of Conservation Order No. 222, effective December 4, 1951.
2. To confirm and continue in full force and effect the unit designated HOSS SUB as to the Hosston Formation as redefined.
3. To permit Applicant to drill, designate and utilize an additional alternate unit well for HOSS SUB and for HOSS L SU25, at the location shown on the plats submitted with the application, in exception to the spacing provisions of Office of Conservation Order No. 222, effective December 4, 1951.
4. To find that the proposed additional alternate unit well is necessary to efficiently and economically drain a portion of the Hosston Formation, underlying HOSS SUB and a portion of the Hosston L Sand, underlying HOSS L SU25, which cannot be efficiently and economically drained by any existing well within these units.
5. To permit the operator of HOSS SUB and of HOSS L SU25 to produce the allowables assigned to these units from either the unit well, any alternate unit well, or from any combination of such wells at the option of the operator.
6. To consider such other matters as may be pertinent.

The Hosston Formation is currently defined in Office of Conservation Order No. 222-1, effective September 1, 1957.

The Hosston L Sand was defined in Office of Conservation Order No. 222, effective December 4, 1951.

Plats are available for inspection in the Office of Conservation in **Baton Rouge and Shreveport**, Louisiana.
